## Mommy

She's the most beautiful mommy of all! She's not at home a lot because of her job, but she always finds time to cook my favorite food for me: "steak and fries with ketchup and mayonnaise!"

## Daddy

He's an artist. A painter... like Picasso, but better! We have lots of fun together when mommy's at work... He's the funniest daddy of all!

## Coralie

She's my big sister. I adore her, even if, ever since she's been her rebellious stage, she stays in her room all the time.

## Dr. Fakbert

He's awful as a doctor. He often comes to the house to take care of me... You've got to wonder why I'm always sick!

## Ernest

He's a microbe... and he's my best friend! I caught him one day while on a frog hunt. Since then, we're always together... He's super smart and really strong: he can change into anything!

## And me: Rebecca

I'm not very big... It's 'cause I hate soup! I'd rather eat ketchup and chase frogs with Ernest in the rain!
